CONFERENCE SESSIONS SCHEDULE TO BE SENT SOON.

Session topics to include the following:

Thursday – June 7

**AHP CREDENTIALING – Establishing a Process that Works**

The new Joint Commission standards clarify that PAs and APRNs must be credentialed and privileged through the medical staff process. But what about all the other AHPs in our facilities? This session focuses on various methods to simplify the credentialing of other AHPs, and how to determine which method is right for your organization.

Discussions will include:
- Privileging vs. Authorization
- Examples of Alternate Credentialing Processes
- Process Assessment for Implementing Change

Thursday – June 7

**Credentialing & Privileging – Let Me Count the Ways!**

You’ve heard of core privileges and criteria-based privileges, and competency-based privileges, but what do they really look like? How will criteria/performance-based privileges affect the credentialing process? How do you credential and privilege the variety of practitioners, and the various circumstances, such as temporary privileges, locum tenens, and low/no volume practitioners?

Discussions will include:
- Healthcare Focus – from Subjective to Objective Privilege Delineations
- Impact on the Medical Staff Services Professional / Credentialing Specialist
- Credentialing & Privileging under various circumstances

Thursday – June 7

**Recruitment & Credentialing – Natural Partners**

- Has your organization ever had a situation where a physician has been successfully recruited and moved to your town, only to find he/she can’t meet the hospital’s basic credentialing criteria?
- Is the Medical Services Professional the last to hear that a new physician will be added to the staff?
- Are administrators or office managers calling daily to try and expedite a new recruit’s credentialing?
- Is the organization losing thousands of dollars a month because a new recruit hasn’t completed the credentialing process?

If you answered “yes” to any of these questions, this program is for you! Physician recruitment and credentialing are best accomplished as a partnership effort. Communication between these two functions will help ensure only qualified candidates are recruited. This program will explore techniques to help facilitate the partnership between recruitment and credentialing.

Discussions will include:
- “Key contacts” in the recruitment process
- Communication links and time-sensitivity
- Timely collection and sharing of pertinent credentialing information
- Hot Topics / Q&A – recent issues, dilemmas, possible solutions

Thursday – June 7

**Negligent Credentialing – Raise Your Right Hand and Swear!**

It’s our worst nightmare – our hospital is being sued for negligent credentialing! How do we demonstrate due diligence without compromising peer review protection? How much credentialing is enough to show due diligence? What could we have done differently?

Discussions will include:
- Examples of negligent credentialing cases
- Impact on the Medical Staff Services Professional / Credentialing Specialist
- Process improvements
Thursday – June 7
TELEMEDICINE CREDENTIALING
Is it beneficial to credential by proxy? Discussion will be held on the pros and cons of credentialing telemedicine providers either by proxy, or utilizing your own credentialing process.

Thursday – June 7
AMBULATORY CARE ORGANIZATION UPDATE
How will ACO’s affect the Medical Staff Professional?

Friday, - June 8
ADMINISTRATIVE SIMPLIFICATION UPDATE
We will have key representatives from the Executive Level that have been meeting and working on Oregon starting Administrative Simplification for Credentialing. The representatives will share information on how Oregon got to where we are, what is being recommended and discuss the value of administrative simplification of credentialing and obtain your feedback about adopting this process.

Friday, - June 8
OREGON MEDICAL BOARD UPDATE
A presentation on the Oregon licensing board updates including the changes to physician assistant supervision requirements.

Friday, - June 8
THIS IS YOUR LIFE SESSIONS
We will have the “This is Your Life Sessions” for hospitals, health plans, clinics and IPAs.
