

# TOMORROW'S MSP

Medical Services Professionals must be ready to **innovate** and adapt to new responsibilities, **motivated** to expand knowledge, and **focused on the future** of patient safety.

THE MSP OF TOMORROW **STARTS TODAY.**

**INNOVATIVE.**

Start the conversation regarding the future of your profession.

**MOTIVATED.**

Educate yourself on what's happening and what it means for you and your team.

**FUTURE-FOCUSED.**

Now more than ever, MSPs are the gatekeepers of patient safety.

## WHAT'S **HAPPENING?**

- Disruptions in technology and innovation, such as artificial intelligence and telemedicine
- Changes to the traditional MSP environment
- Focus on physician and employee wellness

## WHAT DOES THIS **MEAN FOR MSPs?**

**MORE GROWTH OPPORTUNITIES**  
**MORE RESPONSIBILITIES**

**NAMSS PLEDGES TO STAND BY YOU** AND ASSIST IN FUTURE-PROOFING YOUR CAREERS WITH:

MORE  
TOOLS

MORE  
RESOURCES

MORE NETWORKING  
OPPORTUNITIES

MORE WAYS  
TO LEARN

**THE FUTURE IS COMING. WILL YOU BE READY?**

TOMORROW'S MSP IS...**YOU.**

Visit **NAMSS.org** to learn more about how you can be Tomorrow's MSP.
